### **Tata Group announces India School Essay Competition**

<http://timesofindia.indiatimes.com/city/pune/Tata-Group-announces-India-School-Essay-Competition/articleshow/55514050.cms>

The Tata Group has announced the launch of the 11th edition of 'Tata Building India School Essay Competition' - a national level programme targeted to reach out to nearly four million students, from 8500 plus schools spread across 200 plus cities. The theme for this year's competition is 'Global Warming and Climate Change'.

The essay competition will be held in 13 languages - English, Hindi, Bengali, Gujarati, Tamil, Marathi, Kannada, Oriya, Telugu, Malayalam, Punjabi, Assamese and Urdu. For the first time, the competition encourages young leaders to showcase their expressions in writing on various subjects of national importance.

Started in 2006 as an English language essay contest, the Tata Building India School Essay Competition is organised every year to motivate and nurture young minds across India and encourage them to think on the lines of nation building. The pan India platform allows the youth of the nation to express their views and suggestions on subjects of national importance.

Additionally, Tata ClassEdge, (a technology-enabled holistic instructional solution) will conduct the Tata Building India Essay Competition in their select partner schools. The 2016-17 competition will be conducted across the country from Jammu to Tirunelveli and Guwahati to Rajkot.

Speaking about the competition, Atul Agrawal, senior vice president, corporate affairs, group corporate communications, Tata Services Limited, said, "It is encouraging to witness the growing number of participants every year who bring with them fresh thoughts and perspectives on issues that impact the nation and society. This year's theme on global warming and climate change is relevant and through this platform to share ideas we hope to build on the nation-wide creativity to seed and drive a wave of positive change."
